RE: Analytic Report Resource on the Web (ARROW) Online Training

The Minnesota Workers' Compensation Insurers Association, Inc. is pleased to announce the release of an online training presentation for the Analytic Report Resource on the Web (ARROW). ARROW was developed to afford carriers the opportunity to perform a wide variety of precise queries against statewide and carrier-specific data, as well as experience rating results. ARROW's robust query options benefit underwriters, agents, actuaries and other insurance professionals interested in mining detailed Minnesota claim and experience rating statistics.

Visit our website at <http://www.mwcia.org/OnlineTraining/ARROW/index.htm> to view the training presentation.

Please direct any questions you may have concerning ARROW to MWCIA's Actuarial staff at 952.897.1737 (Option 3) or via email at actuarial@mwcia.org.
